

LING WANG

🎓 Postdoc 🏛️ Department of Decision Sciences and BIDSa, Bocconi University
✉️ ling.wang@unibocconi.it & lwmath@foxmail.com 🌐 <https://lwmath.github.io/>

PERSONAL INFORMATION

Gender	Male	Citizenship	Chinese Citizen
Date of Birth	Jul 18, 1998	Marital status	Single
Place of Birth	Chongqing, China		

RESEARCH INTERESTS

Geometric Analysis & Nonlinear PDEs Geometric Measure Theory Minimal Surfaces

POSITIONS

Department of Decision Sciences and BIDSa, Bocconi University <i>Postdoctoral Research Fellow</i> • Supervisor: Prof. Antonio De Rosa	Milan, Italy Sep 2025 – Aug 2027
--	-------------------------------------

EDUCATION

School of Mathematical Science, Peking University <i>Ph.D. in Pure Mathematics</i> • Thesis: Monge-Ampère type fourth-order equations and applications • Supervisor: Prof. Bin Zhou	Beijing, China Sep 2020 – Jun 2025
Beijing International Center for Mathematical Research, Peking University <i>Visiting student, Pure Mathematics</i>	Beijing, China Feb 2020 – Jun 2020
School of Mathematical Science, Beijing Normal University <i>B.S. in Mathematics and Applied Mathematics</i> • Thesis: A Study on the Depth Dependence of Inclusions in Inverse Problems	Beijing, China Sep 2016 – Jun 2020

PUBLICATIONS AND PREPRINTS

- [13] Congming Li, Ling Wang, Jionghuo Xie. *Asymptotic expansions of the fundamental solution for a mixed local–nonlocal operator*. Preprint.
- [12] Ling Wang, Bin Zhou. *Interior $C^{1,\alpha}$ estimates for the linearized Monge–Ampère equation in two dimensions*. Preprint, arXiv:2608.22180.
- [11] Ling Wang. *Liouville-type theorems for coupled-drift Monge–Ampère equations*. Preprint, arXiv:2608.04478.
- [10] Antonio De Rosa, Aria Halavati, Ling Wang. *Min-max construction of anisotropic minimal surfaces with genus bound*. Preprint, arXiv:2606.30098.
- [9] Guoqing Cui, Ling Wang, Bin Zhou. *Local potential and Hölder estimates for the linearized Monge-Ampère equation*. Preprint, arXiv:2511.03426.
- [8] Wenkui Du, Ling Wang, Yang Yang. *Flat level sets of the Allen-Cahn equation in the half-space*. Preprint, arXiv:2412.20335.
- [7] Ling Wang, Bin Zhou. *The partial Legendre transform in Monge-Ampère equations*. **Surveys in Geometric Analysis** 2024.
- [6] Ling Wang. *Interior Hölder regularity of the linearized Monge-Ampère equation*. **Calculus of Variations and Partial Differential Equations**, 64 (2025), no. 1, Paper No. 17.
- [5] Ling Wang, Bin Zhou. *$C^{1,\alpha}$ regularity of variational problems with a convexity constraint*. Preprint, arXiv:2403.04235.

- [4] Ling Wang, Bin Zhou. *Liouville theorems for a class of degenerate or singular Monge-Ampère equations*. **Journal of Geometric Analysis**, 34 (2024), no. 11, Paper No. 352.
- [3] Young Ho Kim, Nam Quang Le, Ling Wang, Bin Zhou. *Singular Abreu equations and linearized Monge-Ampère equations with drifts*. **Journal of the European Mathematical Society**, 28 (2026), no. 9, 4105-4148.
- [2] Ling Wang, Bin Zhou. *Interior estimates for Monge-Ampère type fourth order equations*. **Revista Matemática Iberoamericana**, 39 (2023), no. 5, 1895–1923.
- [1] Haigang Li, Jenn-Nan Wang, Ling Wang. *Refined stability estimates in electrical impedance tomography with multi-layer structure*. **Inverse Problems and Imaging**, 16 (2022), no. 1, 229–249.

AWARDS & HONORS

- **Outstanding Doctoral Dissertation**, Peking University 2025
Outstanding Graduates, Peking University
Excellent Papers by Young Researchers, Beijing Mathematical Society
- **China National Scholarship**, Ministry of Education of the People's Republic of China 2024
Presidential Scholarship, Peking University
Outstanding Research Award, Peking University
Grand Prize, Luojia Ph.D. Forum in Mathematics, Wuhan University
- **Presidential Scholarship**, Peking University 2023
Merit Student, Peking University
- **Exceptional Award for Academic Innovation**, Peking University 2022
- **Outstanding Graduates**, Beijing Normal University 2020
The First Prize Scholarship, Beijing Normal University

CONFERENCE TALKS

- 4. **Title:** *A Simon–Smith min-max theory for anisotropic minimal surfaces with genus bound* Aug 16–22, 2026
 Workshop on Geometric Measure Theory and Partial Differential Equations, Tianyuan Mathematical Center in Central China, Hubei Minzu University, Enshi, China
- 3. **Title:** *Monge-Ampère type equations in two dimensions* Jun 29–Jul 5, 2025
 Workshop on Geometric Analysis 2025 (30 minutes), Research Center for Mathematics and Interdisciplinary Sciences, Shandong University, Qingdao, China
- 2. **Title:** *Flat level sets of Allen-Cahn equation in half-space* Mar 15, 2025
 Workshop on Geometric Analysis and Ricci Flow 2025, Institute for Theoretical Sciences, Westlake University, Hangzhou, China
- 1. **Title:** *Singular Abreu equations and linearized Monge-Ampère equations with drifts* Jul 21–27, 2024
 Workshop on Geometric Analysis 2024 (30 minutes), School of Mathematical Sciences, Inner Mongolia University, Hohhot, China

SEMINAR & COLLOQUIUM TALKS

- 13. **Title:** *An anisotropic stable Bernstein theorem and application* Aug 25, 2026
 Seminar, College of Mathematics and Statistics, Chongqing University, Chongqing, China
- 12. **Title:** *An anisotropic stable Bernstein theorem and application* Aug 14, 2026
 Seminar, School of Mathematics and Statistics, Beijing Institute of Technology, Beijing, China
- 11. **Title:** *A Simon–Smith min-max theory for anisotropic minimal surfaces with genus bound* Aug 11, 2026
 Geometric Analysis Seminar, School of Mathematical Sciences, Peking University, Beijing, China

10. **Title:** *Min-max construction of anisotropic minimal surfaces with genus bound* Jul 22, 2026
Analysis & PDE Seminar, Institute for Theoretical Sciences, Westlake University, Hangzhou, China
9. **Title:** *A revisit to the De Giorgi conjecture: Savin's proof and applications* Mar 11, 2026
Geometric Analysis Seminar (online), Beijing International Center for Mathematical Research, Peking University, Beijing, China
8. **Title:** *About me and my research* Oct 29, 2025
Postdoctoral Research Forum, Department of Decision Sciences & Department of Computing Sciences, Bocconi University, Milan, Italy
7. **Title:** *Bernstein-type theorems for geometric PDEs* Jul 29, 2025
Geometric Analysis Seminar, Institute for Theoretical Sciences, Westlake University, Hangzhou, China
6. **Title:** *Interior estimates for the Monge-Ampère type fourth-order equations* May 6, 2025
Mathematics Colloquium, School of Mathematical Sciences, Nankai University, Tianjin, China
5. **Title:** *A revisit to the De Giorgi conjecture: Savin's proof and applications* Apr 21, 2025
Geometry & Topology Seminar, Institute of Mathematical Sciences, ShanghaiTech University, Shanghai, China
4. **Title:** *Partial Legendre transform: two-dimensional and higher-dimensional cases* Apr 17, 2025
Geometry & Analysis Seminar, School of Mathematical Sciences, Shanghai Jiao Tong University, Shanghai, China
3. **Title:** *Bernstein-type theorems for geometric PDEs* Apr 16, 2025
Mathematics Colloquium, School of Mathematical Sciences, Fudan University, Shanghai, China
2. **Title:** *Interior estimates for the Monge-Ampère type fourth-order equations* Mar 24, 2024
Ph.D. Mathematics Forum (13 minutes), School of Mathematics and Statistics, Wuhan University, Wuhan, China
1. **Title:** *A revisit to affine Bernstein problem* Mar 30, 2022
Geometric PDE Seminar, Academy of Mathematics and Systems Science, Chinese Academy of Sciences, Beijing, China

TEACHING EXPERIENCE

Peking University

Teaching assistant

- Advanced math B Spring 2024
- Mathematical analysis III Fall 2023
- Mathematical analysis II Spring 2023
- Mathematical analysis I Fall 2022
- Arithmetic of elliptic curves Spring 2022
- Diophantine approximation
- Mathematical analysis I Fall 2021
- Functional analysis Spring 2021
- Advanced math C Fall 2020

ACADEMIC SERVICES

Referee for several journals including: *Pure and Applied Mathematics Quarterly*, *Discrete and Continuous Dynamical Systems Series B*
